

Easy Gardener Sun Screen Fabric®

protective mesh covering

Benefits

- Provides shade, privacy and windscreen
- Cools the area by reducing temperatures up to 15 degrees
- Breathable so it will not trap heat
- Reduces wind
- Lock stitch construction creates a more finished look and greater resistance to tearing or fraying
- Pre-shrunk to maintain size through wide variations of heat, cold and sun intensity
- Cleans easily with a garden hose
- Available in premium and economy grades

Sun Screen Fabric reduces temperatures by as much as 15 degrees and provides shade, privacy and wind screen.

Suggested Uses

- Window awnings
- Patio awnings
- Patio side wall to block sun and wind
- To create privacy around deck, balcony, patio or pool
- Air conditioning unit covers to cut cooling costs
- Pet shelters
- Swing set covers
- Over plants instead of burlap for winter protection
